# B601-E <br> Plug-in Detector Base 

Section: Mounting Kits, and Accessories

## General

B601-E Plug-in Detector Base is used with NOTIFIER ${ }^{\circledR}$ ND700 series Intelligent Detectors. B601-E detector base is compatible with the ND-751P-E Intelligent Plug-in Photoelectric Smoke Detector heads and ND-751T-E Intelligent Plug-in Thermal Detector heads. This base is intended for use in 2-wire systems, with screw terminals provided for signal connections.

## Specifications

- Voltage Range : $15 \sim 32 \mathrm{VDC}$
- Standby Current : $735 \mu \mathrm{~A}, 24 \mathrm{VDC}$ at Normal
- Max. Alarm Current : 1.5 mA
- LED Current: $3.5 \mathrm{~mA}, 24 \mathrm{VDC}$
- Operating Temperature : $-10^{\circ} \mathrm{C} \sim 55^{\circ} \mathrm{C}$
- Relative Humidity : $10 \% \sim 95 \%$ RH, non-condensing
- Dimensions :
- Diameter : 102mm
- Height : 15 mm

B601-E Plug-in Detector Base

## Tamper-Resistance Feature

B601-E detector base includes a tamper-resistance feature that prevents removal of detector. Remove the plastic level to activate tamper-resistance feature. Once the detector is installed, it can be removed by insert the tamper key into the slot on the side of the base and rotate the detector anticlockwise to release it.
